EINKLANG

SOUND INSTRUMENTS
FOR MEDITATION, MINDFULNESS
AND MUSIC THERAPY

schlagwerk

PROLOGUE

We at Schlagwerk build the most original of all natural instruments.
Percussion instruments!
We create sound objects from wood and metal that are unique in every respect.
In sound, in appearance, but most of all in their effect on the player and listener.

We take you along into our world of the Schlagwerk EINKLANG series.
Let yourself be inspired and experience a vast variety of sounds and tones.

We offer a wide spectrum from the small, clear metallic POWER CHIME to the big, earthy tones of the wooden BIG BOM.
Our precisely tuned instruments allow relaxing enjoyment, but are also established elements of scientific healing in music therapy.

For more information, please visit our website **www.schlagwerk.com**.

AMBASSADOR

Alexandra OTT
Gong Creation Education
Ambassador of the Einklang series of Schlagwerk

„Sounds touch and lead into the silent moment. A moment of connection and harmony. As a sound ambassador, I open up new worlds through the effectiveness of sound. The pleasure and effects are reflected in hearing and feeling - actively played or receptively experienced."

INFINITY GONG

Our Infinity gongs do not only look elegant, but unfold their sound across an entire room by a single stroke. In the initial phase after striking the gong, the fundamental tone with its overtone spectrum is audible. However, the overtones quickly fade out and the fundamental note dominates and begins gradually to pulsate. A unique experience for meditation, sound or music therapy. The handpicked and precision-tuned aluminum tubes are suspended floating in a smoked oak frame. Their carefully matched frequencies create two ideal gong pairings: Sun with Moon, and Earth/Om with Earth Harmony.

Infinity Gong
Wallmount

Sound example

Infinity Gong Sun 126,2 Hz, Length: 194,5 cm / 5,5 kgs
The frequency of the sun gives life energy. In addition, it helps to find one's own center and thus builds self-confidence.

Infinity Gong Moon 210,42 Hz, Length: 150,5 cm / 4,5 kgs
The Moon tone has a relaxing, harmonizing, and calming effect.

Infinity Gong Earth/OM 136,1 Hz, Length: 187,5 cm / 5,3 kgs
The earth tone or OM is the best vibration against everyday stress, to pick up energy and balance it back into a healthy equilibrium.

Infinity Gong Earth Harmony 204,15 Hz, Length: 153 cm / 4,6 kgs
This frequency is the perfect fifth to the OM tone (136.10 Hz) and is used to achieve a harmonizing, stimulating, and balancing effect on the physical body and the energy centers (chakras).

Infinity Gong Venus 221,2 Hz, Length: 146 cm / 4,3 kgs
The frequency of Venus allows energy to flow and thus promotes harmony, the sensuality and the appreciation of life.

All Infinity Gongs come with a gong mallet included.

INFINITY RAIN TOWER

The rippling water of a stream or the soft pattering of rain has an incredibly relaxing effect on us humans. Our Infinity Rain Towers produce exactly this pleasant pattering of a summer rain over a longer period of time. These wonderfully relaxing sound objects are available in three sizes and two versions: oiled ash with cork pads, or multilayer birch, fabric, and natural cork. Once turned upside down, they provide a soothing rain backdrop of sound for 5-22 minutes, depending on the size. Perfect for sound journeys, sound baths, meditation, yoga or sound healing sessions. Easy to combine with other sounds as a sonic canvas.

ZEN Waterfall IRT90

Duration: at least 22 min.
Material: Oiled ash, natural cork
Measures:
approx. 90 x 16,5 x 14,2 cm
Weight: approx. 7,2 kgs

Raindance IRT50

Duration: at least 5 min.
Material: Oiled ash, natural cork
Measures:
approx. 50 x 12,2 x 10,8 cm
Weight: approx. 2,25 kgs

Summerrain IRT70

Duration: at least 12 min.
Material: Oiled ash, natural cork
Measures:
approx. 70 x 12,2 x 10,8 cm
Weight: approx. 3,8 kgs

ZEN Waterfall IRT92

Duration: at least 22 min.
Material: Multilayer birch, fabric, natural cork
Measures:
approx. 90 x 16,5 x 14,2 cm
Weight: approx. 6,1 kgs

Raindance IRT52

Duration: at least 5 min.
Material: Multilayer birch, fabric, natural cork
Measures:
approx. 50 x 12,2 x 10,8 cm
Weight: approx. 2,25 kgs

Summerrain IRT72

Duration: at least 12 min.
Material: Multilayer birch, fabric, natural cork
Measures:
approx. 70 x 12,2 x 10,8 cm
Weight: approx. 3,5 kgs

RAIN CIRCLE

The large Infinity Rain Towers create a soothing rain soundscape with their long, steady patter. Our Rain Circle rotating mount securely fastens the Rain Tower with a sturdy webbing strap, enabling smooth, controlled rotation with significantly less effort.
This lets you focus entirely on meditation, therapeutic practice, or the mindful experience of sound. The steady motion keeps the characteristic rain sound flowing gently, supporting a calm and focused experience.
Crafted from dark-stained and oiled ash wood, Rain Circle combines thoughtful functionality with a high-quality, clean-lined design that blends harmoniously with the Rain Tower's aesthetic.

MINDFUL

Discover the supportive effect of our sound objects to help you get from " the outside to the inside" more easily and enjoy the pleasant sound impulses of the sonic waves that touch your hearing and your body. As a sound tool in meditation, yoga, mindfulness and affirmation, they can be both a key and a foundation for you.

MUSIC THERAPY

Together with our experts, we have developed instruments that meet all the demands of scientific music therapy and have defined the standard for decades in terms of playability, volume, tonal purity and feel.

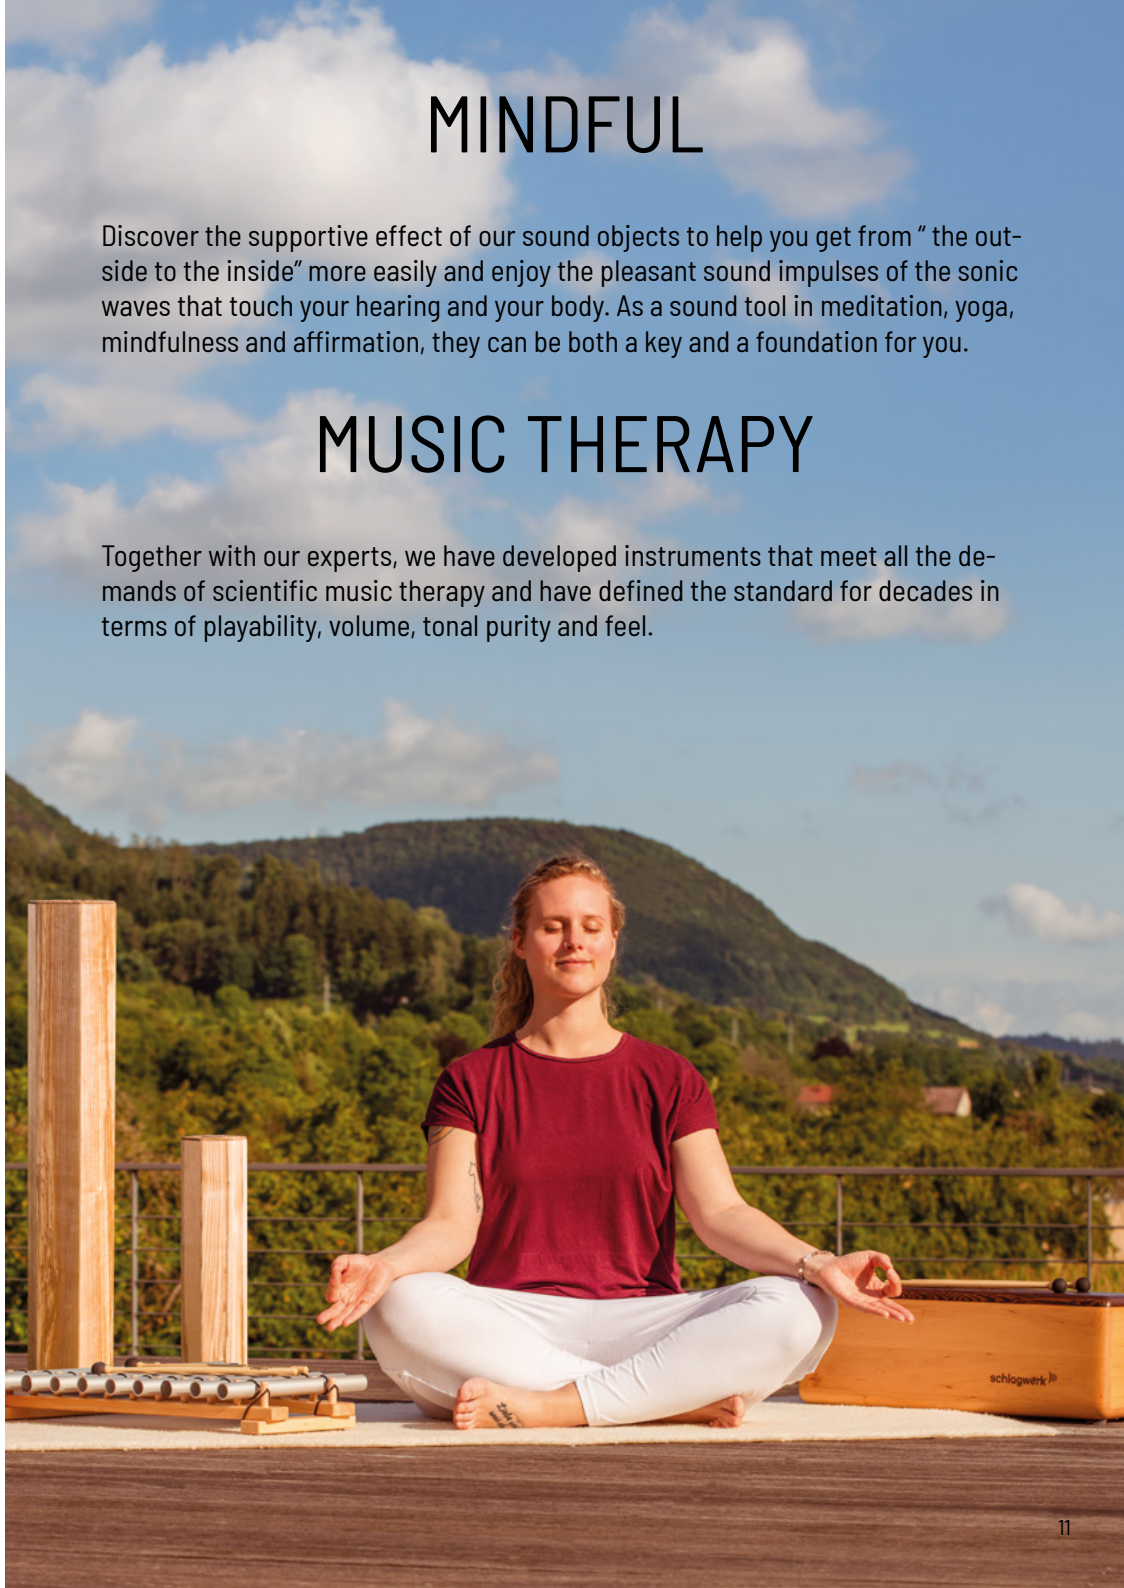

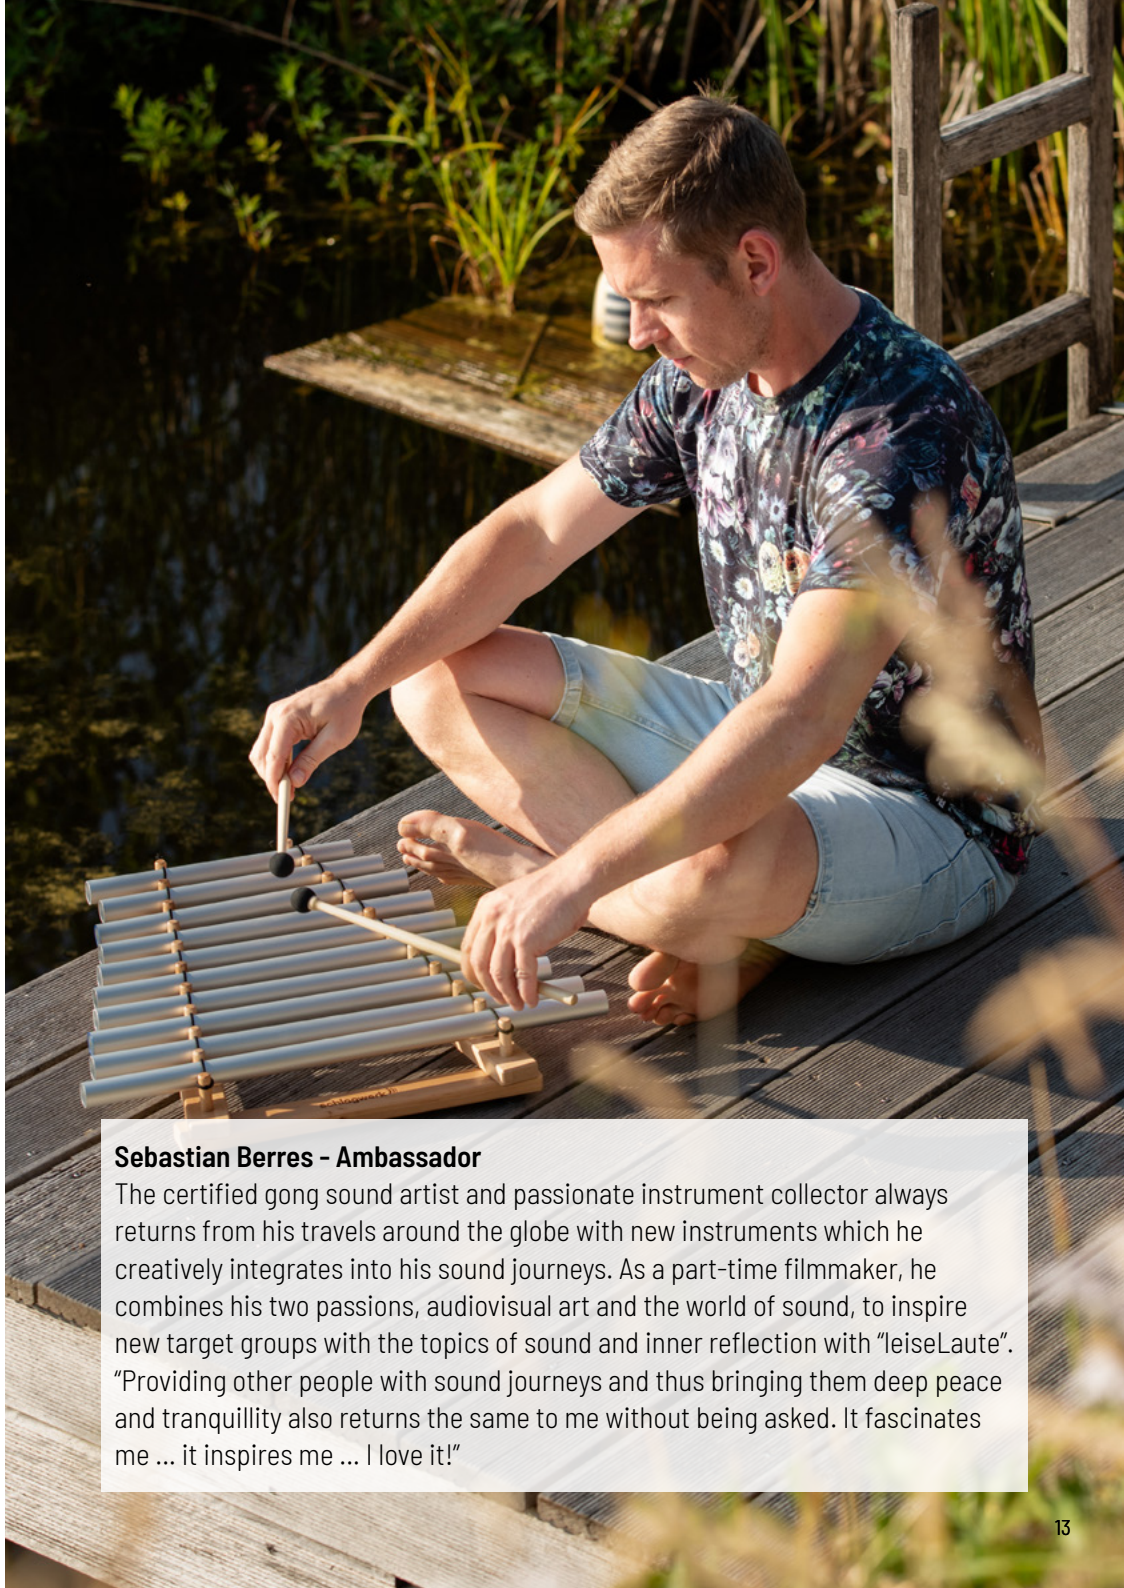

TABLE TUBES

The table tubes offer a wide range of applications. The free adjustment of the tube position within the vibration-neutral string suspension allows tones from short sustain up to an almost endless sounding sound carpet. Two complementary tubes in E expand the possibility of creative playing from a F-pentatonic to a C-pentatonic scale.

Table Tubes
Measurements: 56 x 53 x 9 cm
Incl. 1 pair mallets
Free floating tube suspension for stepless sustain regulation

Sebastian Berres - Ambassador
The certified gong sound artist and passionate instrument collector always returns from his travels around the globe with new instruments which he creatively integrates into his sound journeys. As a part-time filmmaker, he combines his two passions, audiovisual art and the world of sound, to inspire new target groups with the topics of sound and inner reflection with "leiseLaute". "Providing other people with sound journeys and thus bringing them deep peace and tranquillity also returns the same to me without being asked. It fascinates me ... it inspires me ... I love it!"

HAND TUBES

Following suggestions from the field of sound therapy, we have further developed our table tubes into mobile hand tubes.

In our hand tubes, the individual overtones to the fundamental are playable and audible. The hanging cord allows them to be moved freely through the room, played and swung. Thus even a larger room is filled with a magnificent, pure layer of sound.

Hand Tubes 7 Tones
HRS7-221
Pure overtone series of the Venus tone at 442.4 Hz.
Incl. 1 MA102 mallet.
Sonically matched with: Infinity Gong Venus

Hand Tubes 9 Tones
HRS9
The notes of this hand chime set are tuned to a C pentatonic scale:
C5, D5, F5, G5, A5, C6, D6, F6, G6.
Incl. 1 MA102 mallet.
Sonically matched with: Infinity Gongs Sun & Moon

Hand Tubes 7 Tones
HRS7-432
Pure overtone series of chamber pitch A at 432 Hz.
Incl. 1 MA102 mallet.

Hand Tubes 7 Tones
HRS7-136
Pure overtone series of the Earth / Om tone at 136.1 Hz.
Incl. 1 MA102 mallet.
Sonically matched with: Infinity Gongs Earth/Om & Earth Harmony

HANDPAN

In cooperation of the experienced craftsmen of Harmonic Art and Schlagwerk a new generation of handpans was developed, which is characterized by the special manufacturing process, a shell made of several materials and a mostly maintenance-free surface. This produces a uniquely clear sound in a pleasant frequency with brilliant overtones.
Like all of our products, the Schlagwerk Handpan is a perfectly sounding, carefully crafted, instrument that is a pleasure to play. Our hand-tuned handpans are available in 9 variants, and almost any scale is available on request.

Available tunings:
DOMINANT 7 D-Minor / CELTIC tuning HP8D7 (8 tone)
SABYE D-Major tuning HP8DSA (8 tone)
EQUINOX E-Minor tuning in 432 Hz HP8EQ (8 tone)

NATURAL D-Minor / KURD tuning HP9DKU (9 tone)
AMARA D-Minor tuning HP9DAM (9 tone)

NATURAL D-Minor / KURD tuning HP10DKU (10 tone)
AMARA D-Minor tuning HP10DAM (10 tone)

Chromatic C# tuning HP15CS (15 tone)

All Models incl.
transport backpack and safety cover.

Jürgen Huck - Ambassador
He received his first gongs and singing bowls in 2002 and opened a shared studio with his wife in 2005. Today, he owns almost 70 gongs and other instruments from all over the world, offers treatments and training courses, sells instruments and provides expert advice. He likes to emphasize: " It's the sound that heals. We just make sure that the instruments resonate and sound right."

POWER CHIMES

Power Chimes are ideal for „waking up - sequences“ after a sound treatment or meditation. The 3-piece sets of Power Chimes from Schlagwerk are offered in several basic pitches. Whether in the educational or therapeutic area - with this selection you will find the right set in every case.

COAST DRUM

The tunable Coast Drum.

With our Coast Drums, there are now regularly playable AND tunable frame drums from Schlagwerk with a filling that simulates the rolling of waves on the beach or the roaring surf on coastal cliffs. The drums with diameters of 40 cm and 50 cm, goatskin and mesh material are perfect for use in the therapeutic field, for sound baths, meditations or in classical frame drum play.

The finely tuned mixture of glass and steel balls is filled between the natural skin and a mesh material and can also be reduced in quantity by means of a side screw if necessary. Thus, the intensity can be adjusted.

Coast Drum
Dimensions: Ø 40 x 8 cm

Coast Drum
Dimensions: Ø 50 x 8 cm

Coast Drum Light
Dimensions: Ø 40 x 6 cm and Ø 50 x 6 cm

The Coast Drum Light expands our range of playable coast drums with a lightweight, pre-tuned version in two sizes. Thanks to the proven construction with mesh material, the head can vibrate freely and sounds open and lively.

Jamie Bechtold
(Co-creator of Group Soundbath Player Certification Course)
The craftsmanship and quality of Schlagwerk instruments are outstanding! They are now an essential part of the instrument setup we recommend in our Soundbath Practitioner Training. Having performed over 3500 sound baths exclusively with gongs and crystal singing bowls, I now include Schlagwerk instruments in almost every sound bath that I play.

Alexander Renner - Ambassador
As a mental counselor, gong trainer and player, he helps people to regain their mental health. He passes on his almost 20 years of experience with gongs, sound and vibration in international group and individual training sessions. His mission is to reconnect people from all over the world with themselves in the fast-paced digital world and to improve their quality of life and mental health.

LOG DRUMS

The log drum sound is very pleasant, no aggressive overtones at all. It's the acoustic equivalent to being wrapped in a warm blanket. Just the pure, warm, mellow and natural sensation of feeling safe and secure. That's one reason for its extensive use in musical therapy and health treatment. Our log drums are tuned pentatonic, a feature which provides the possibility of universal application in the fields of education and therapy without musical background.

Log Drum, 10 Tones.
Tuned to an F-Pentatonic scale spanning two octaves.

Tuning:
10 tones, f - g - a - c' - d' - f' - g' - a' - c" - d"

Log Drum, 8-tones.
C-Pentatonic.

Tuning:
8 tones, e - g - a - c' - d' - e' - g' - a'

Log Drum, 6-tones.
F-Pentatonic

Tuning:
6 tones, c'- d' - f' - g' - a' - c"

BIG BOM

Our largest drum is the Big Bom. It was developed for tactile vibration transmission and is therefore very popular in music therapy. Due to the size of the wooden tongues, you really can feel the energy. The full-bodied tones of the F pentatonic (f,g,a,c,d) and vibrations can be perceived while seated, but also while laying down. Within the therapeutic relationship it is used to restore, maintain and promote mental, physical and spiritual health.

The slit pattern symbolizes a Native American tree of life. This tree of life derives from the mythology of Brazilian natives. This diverse arrangement of the tongues makes you try different motion patterns an experiment with it.

Rosie Lazroe - Ambassador

Rosie Lazroe is a practitioner and teacher of sound therapy and yogic healing practices. She discovered the transformative power of yoga and sound in her youth and has spent over 30 years studying ancient yogic and sacred sound traditions with respected teachers in yoga, Reiki, Ayurveda, and sound therapy across Europe, India, and the United States. Her work integrates Eastern and Western philosophies, blending sound therapy, music theory, consciousness studies, and traditional yogic techniques into a cohesive and holistic approach.

FRAME DRUMS

The frame drum with its unbelievable variety of sounds is one of the oldest instruments in the world. It has innumerable faces and cultural backgrounds on all continents. Found in almost all cultures of this world, the frame drum traditionally sets the tone in music. The Schlagwerk frame drum fascinates through its attention to detail as well as its quality in sound and workmanship. You can find a large selection of frame drums on our website www.schlagwerk.com.

NATURAL

The frame drum models of the Natural series stand for an absolutely pure, natural sound. Tunable with and without holding cross Size height 80 cm diameter 40-60 cm

WIND CHIMES

Wind chimes can set the body and soul in resonance and positively influence the human well-being. Starting from a basic tone, our wind chimes are tuned in various tone sequences and thus receive their individual sound character. Many of our harmonics are based on planetary tones, whose fundamental vibrations are brought into audible frequencies by octave tuning. The wind chimes are characterized by rich overtone harmonics. Every Schlagwerk wind chime is tuned with a high-precision tuning device Small and medium sizes are intended for indoor applications. Our large wind chimes sound rich and powerful. They need the appropriate room or ambient setting for their size and power.

Wind Chimes
Sun Tone, Day Tone or Shiva Shakti
Small: Total length 80 cm

Venus Tone, Day Tone or Shiva Shakti
Medium: Total length 110 cm
Large: Total length 175 cm

WAH-WAH TUBES

The premium aluminum sound tubes produce a resonating sound that is long-lasting and rich in overtones. By opening and closing the small aperture, a wah-wah effect is created. In combination with other sound instruments, during yoga or sound treatments, they enhance the experience. But they are also particularly popular in work with children, because their extraordinary sounds are always a source of amazement and invite them to experiment.

SONOS TUBES

Our Sonos Tubes are made from carefully selected, specially treated aluminum tubes that are precisely tuned to A 432 Hz and C 512 Hz (the third of A 432 Hz). These miraculous Sound Tubes produce a long-lasting, resonant tone that reaches deep into the ear and creates a unique, harmonious sound carpet. A special highlight is the ability to close the resonant chamber of the tube after striking. As a result, the entire vibration energy, structure and air-borne is immediately discharged into the seal. Whether for therapeutic use, meditation or background music, Sonos Tubes offer an incomparable sound experience that touches the senses and inspires the mind.

A 432 Hz

C 512 Hz

TUNING FORKS

Therapeutic tuning forks generate frequencies that have a strong effect on the body and mind. Their vibrations harmonize the energy system, release blockages and encourage self-healing. Each frequency is tuned to specific areas, such as organs, chakras, or emotional states. The gentle vibrations strengthen balance and harmonize body, mind and soul - a holistic method that supports healing in a subtle but powerful way.
Our tuning forks are sustainably manufactured using regional resources: the grip is made from local maple wood, and the tuning fork is made from black oxidized nickel-free steel "Made in Germany." They come in a cotton bag—completely without plastic in product and packaging.

Tuning Forks Solfeggio
Frequencies:
174 Hz, 285 Hz, UT 396 Hz,
RE 417 Hz, MI 528 Hz, FA 639 Hz,
SOL 741 Hz, LA 852 Hz, SI 963 Hz

Tuning Forks Planets
Frequencies:
Pluto 140,3 Hz, Mercury 141,3 Hz,
Mars 144,7 Hz, Saturn 147,9 Hz,
Jupiter 183,6, Uranus 207,4 Hz,
Neptune 211,4 Hz, Venus 221,2 Hz

Tuning Forks Earth
Frequencies:
Master Fork 128 Hz
Earth Year / Om 136,1 Hz
Earth platonic year 172,1 Hz
Earth synodic day 194,2 Hz
Schumann 250,6 Hz

Tuning Fork Sun
Frequency:
126,2 Hz

Tuning Fork Activation Pad

Tuning Fork Moon
Frequency:
210,4 Hz

Tuning Forks Concert Pitch
Frequencies:
432 Hz, 440 Hz

Power Forks
Frequencies:
128 Hz, 136,1 Hz, 194,2 Hz,
221,2 Hz

Power Forks, as the name suggests, offer a powerful vibration that goes way beyond just the audible tone. These tuning forks help to adjust your body and muscles and release blockages in a natural way.
